# Bachelor of Applied Science in Applied Management

Prepare for your next promotion in our streamlined, career-focused program designed with working students in mind.

Hybrid classes (part in class/part online) meet Tuesday and Thursday evenings, and alternate Saturdays.

A full-time student can complete the degree program in two years. A new cohort begins every Fall.

Submit your free application today if you have 90 college-level credits or are within 20 credits of an associates degree. Applications are accepted year-round.

All TCC's bachelor degree programs are accredited by the NWCCU and articulate in Masters programs.
